

Let's Close this Year Strong!

Last night at our end-of-year board meeting, we approved a budget with a "Neighbor Care" line item that was larger than our whole organization's budget in the first two years.

We have come a long way, and can serve so much better, because of people like you.

Every swim lesson for a kid, ride to the pharmacy to get a prescription, unexpected bill we help cover, new pair of shoes for a quickly growing child, basket of produce delivered, movie outing with neighborhood kids, visit to a senior in senior living, relaxing afternoon in the garden, set furniture for a homeless friend's new apartment... **all is made possible because of you!**

We know people have lots of reasons they give, but whatever your reason is, I believe that you want to know that your dollars are having an impact.

At Micah 6 Community, your dollars have a direct effect on the quality of life people experience in our neighborhood. It keeps people in their homes, it keeps kids equipped for school and it puts food in their refrigerators. Your donation is also helping to pave the way for a new community center, more housing options, and more job opportunities. **Every dollar that comes to Micah 6 is answering needs today, while creating a better community for years to come.**

We hope that you choose to participate in our work between now and the end of the year, because for **some of our neighbors it really does make all the difference in the world.**

Thank you,

Coleman Yoakum
