If I can't write by myself, a teacher will help me.

Hello dear sponsor, I want to tell you, my teacher's name is Cecilia and we call her Ceci, she is kind and we are learning multiplications and to divide.

At CRF academy, I am happy because I am learning to use the computer, it is difficult to me but I like to learn new things.

My family and I are well, my dad is forest ranger and she told me that he has seen big snakes and wild cats like a tigers.

I say good bye, God bless you.
