We all wish we knew more about our grandparents or great grandparents.

Write a short story about someone who was special to you that your children and grandchildren never met.

Feel free to bring your laptop or iPad etc.

March 18th: Decide who you are going to write about, maybe just 500 words, what to include and where to find information.

During the week do the research, find a photo or two, and begin your story.

March 25th: Discuss how you wish to present your story. Prepare to complete in Word or maybe a scrapbook?

Present to your family, and maybe begin a new story.....
