6 March 2023

Village of Hope Niagara welcomes the coming Spring with the sense of renewal and hope it can bring. It's our chance to chart a new course for ourselves, and our neighbours in need.

Please join with us in meeting this change of season, and extending our hope of renewal to our neighbours in need with your support and donation.

Village of Hope Niagara needs donors at every level for our Spring of Concern campaign, to meet our fundraising goal of \$25,000. Our Village of Hope Easter Hampers are full of food – including fresh and frozen items, personal care items, treats for the entire family, and most importantly, Hope – that they are not alone. Hampers will be delivered to registered community residents on April 6.

In our community, more than 12%, 1 in 8 among our neighbours are affected by food insecurity each month. With food costs up by 9.7 per cent seniors, children, and their families in our community are dramatically affected. ***Village of Hope Niagara, together with your support is making a difference to those struggling in our community.***

Village of Hope Niagara, with our team of more than 80 local volunteers, provides access to our foodbank – benefitting more than 1500 people monthly, throughout the year, offering home food delivery for mobility affected people, a healthy snack program for school age children, social services navigation assistance to connect clients with programs of assistance, as well as shelter and utility subsidies with our independent resolution-mediation. Registration of clients with *Village of Hope Niagara* has more than doubled since 2019, and continues to surge.

We invite you to follow us on social media, and share the news of our work in the community, with your friends and neighbours, at villageofhopeniagara.org
