CityKidz Newsletter April 2023

Dear Tintern Church of Christ,

This April, we celebrated National Volunteer Week and I thought this month would be a great opportunity to introduce you to some of the folks in our CityKidz community who are, like you, invested in the wellbeing of our children, youth and their families.

Route Captain: Kelly

“I love what they do for the kids, that they think about all aspects of their life. They're filling their Saturdays so they're not sitting at home doing nothing... Making sure they get a meal and that there's so many people around them showing love.”

Youth Mentor: Tim

“The best thing about being a youth mentor is that you get to take all the things that you wish you'd learned when you were that age and then get them out there, then hearing the kids respond and seeing them apply this and make changes in their lives and push those changes out to their parents and others is just an amazing feeling.”

Bus Driver: John

“The best part? I like picking up the older kids. They’re very good! And just to see how much they enjoy this place – I enjoy that.”

I hope that you feel inspired by your community, Bruce & Elaine, because I know our volunteers are inspired by your dedicated support. I also want to encourage you to think about volunteering with us if you can. Our next volunteer orientation session is on Saturday, May 13. You'll get to meet amazing people and see a CityKidz Saturday program in full swing.

Thank you, Tintern, for your faithful support! I look forward to sharing more about the ways your gifts are impacting children, youth and families in the CityKidz community next month.

Sincerely,
Lisa
