## Join our Women Build!

Habitat Niagara's Women Build promotes the involvement of women in the construction of Habitat homes by hosting build days with the majority of the planning and execution undertaken by women.

More than 200 women will come together this year to help with the construction of a single family home in Port Colborne, creating stable and secure housing for a hard-working, local family.

**See available dates and register your team!**

## **2023 year in review**

At Habitat for Humanity Niagara, we're building stronger communities through housing. Thanks to the generosity of our community partners, individual donors and those who donate and shop at our three ReStores, as well as nearly 250 active volunteers, we continue to open doors to possibility, helping people in our community and around the world build financial stability, independence, and brighter futures.

**[Read our Year in Review](#)**

**PLEASE  
NOTE :**

The Habitat for Humanity Niagara ReStores and administrative office will be **CLOSED** on Monday, April 8, reopening at 9am on Tuesday, April 9.

## Future homeowners on the build site

Flooring, doors and trim are being installed at the semis on Taylor Street with the help from our build participants, Habitat volunteers and future homeowners.

**Did you know . . .** Habitat homeowners volunteer 500 hours and pay an affordable mortgage – geared to their income – to buy their home at fair market value. Habitat's path to homeownership is an important and in-depth process, requiring hard work, time and dedication which helps to ensure the long-term success of Habitat homeowners.

## ReStore donates to women's centre

Westview Centre4Women services and supports women and families experiencing difficult situations and over the past four years their client numbers have tripled, so they had to relocate to a larger space.
