Niagara

Centennial Homes townhouse build is underway!

Centennial Homes, their subtrades and suppliers partnered with Habitat for Humanity Niagara to build four townhomes for four local families who were selected to become Habitat homeowners.

After a successful groundbreaking ceremony, construction began in May.

women build TOGETHER

We've had five build day teams onsite at our house in Port Colborne installing windows, doors, insulation, vapor barrier and framing the basement already - and they've done a fabulous job!

In the coming weeks drywall and siding will be installed and the lot will be graded as we welcome back 12 more teams in September and October to continue the remaining tasks.

We even had a Habitat homeowner stop by for a visit and to sign her best wishes on one of the framed studs.

She share chatted with the CAA Niagara build team and thanked them for their contribution to helping build a Habitat home!

Special thanks to the Port Colborne BIC Church for providing homemade lunches for our build teams!

your stuff **builds homes!**

Your stuff builds homes!

Your gently used furniture, appliances, home decor and more can find a new life in our Niagara ReStores **AND** help local families build strength, stability and independence through affordable homeownership!

How? When you donate your gently used items, they are sold in our ReStores with the proceeds supporting our homebuilding program.

So, when you're redecorating, renovating or have just fallen out of love with that dresser or washing machine, help give a family a brighter future and instead of ditching it - **donate it!**
