OLD TESTAMENT WORLD

“Entering the World Behind the Word”

Dear Friends:

For generations, the **Old Testament** has shaped faith, worship, and understanding of God’s work in history. To read these texts well—and to teach them faithfully—requires attention not only to the words on the page, but also to the world in which those words were first heard.

Old Testament World is an **8-week course** designed to deepen understanding of the historical and cultural contexts surrounding the Old Testament. By exploring the social, religious, economic, and political settings of the ancient Near East, this course helps bring clarity, depth, and richness to familiar biblical narratives.

Together, this course will explore:

- The historical world behind Old Testament events
- Social and religious life in the ancient Near East
- Economic and political realities shaping biblical texts
- How context strengthens interpretation, teaching, and faith

Whether you are engaged in ministry, ongoing study, or lifelong learning, this course offers a thoughtful opportunity to revisit Scripture with fresh insight and greater historical awareness.
