

November 04, 2023

Dear brothers and sisters,

In less than two months the year 2023 will be over. It has always been difficult for me to look back to see the work accomplished because I always look forward to see what there is to do. I always have in mind that it may exist a follow-up to my work to support those who are committed to the Lord.

In Sherbrooke, my worry has been dissipated since César Burbano and his wife Deisy are doing real support work for the assembly. Caesar is a very good preacher committed to true doctrine, and Deisy supports the women in their difficulties and leads them in Bible study. César's parents spent the whole summer with us.

Last week a new Christian couple of Mexican origin, with their 2 children, joined the assembly. For the moment worship is in 2 languages, French and Spanish, in order to be able to edify new members. In short, the Lord showed me that I was a useless servant and that He was the one who took care of everything. Very hard on the ego. 😊

Colombian and Mexican Families

For the first time since the pandemic we were able to return to our regular summer activity of “corn roasting.”

Meeting in Plessis before the “corn roast”

Corn Roast in Plessisville

For years, every Sunday morning around 7 a.m. I stop at McDonald's Richmond, 40 km before reaching Sherbrooke. I teach a group but more specifically Denis and Mike. Mike finally understood the importance of baptism in the plan of salvation and joyfully submitted to it 2 months ago.

Denis and Mike, left to right

Every Wednesday evening I continue to give Bible study at the assembly located in Quebec City. Last week I started a Bible study in Thetford Mines with the girlfriend of a member of the East-Broughton assembly. My hope is that there will be an assembly in this city in the future.

I spoke to you in the past about the Cayenne assembly where the preacher had diverted the faith

towards the doctrine of William Branham. The assembly being composed of Haitians, in September 2019 I asked Jean Volcy (native Haitian) to accompany me to observe the situation. Creole is their mother tongue. Since that time, Jean has been sending YouTube studies in their language to new contacts we have established. Jean is an elder at Strathmore Church in Toronto. He is closely associated with the Bayview Assembly in work in the Caribbean. This comforts my heart because I was involved for more than 30 years in French Guiana.

In summary, I can't tell you if I am a good evangelist and teacher, but I know what "availability" means. I would more accurately describe myself as an owner of "7-Eleven" stores providing Christian foods and my wife's smile and joviality are of the greatest help.

A sincere thank you to all of you for the spiritual and material support for this joint mission.

God bless you.

Louise & Yvon Beaudoin.

P.S. – If anything could offend you in this report, it is due to a bad translation of my thoughts and not to bad intention. 😊
